

SAMHITAOFFICE™ · SELF-DECLARATION · FOR PROCUREMENT FILE NOTING

Make in India Declaration

SamhitaOffice™ Gov Edition v0.2 x64Bit IND · Swadesh Enterprises · Lucknow, India

We, Swadesh Enterprises, hereby declare the following in respect of SamhitaOffice™ Gov Edition v0.2 x64Bit IND, an Office Productivity Suite Software developed by SwadeshLABS, for the purpose of procurement evaluation under Make in India and related public-procurement preference policies.

1. Country of development

The software is designed, engineered, tested and documented in India at Lucknow, Uttar Pradesh. The complete source code, build toolchain and release process are under Indian ownership and control.

2. Local value addition

The intellectual property, product design, government-oriented template library, documentation and support infrastructure of SamhitaOffice™ are created in India. The product qualifies as a domestically developed software product for the purposes of procurement preference evaluation, subject to verification by the procuring entity as per applicable rules.

3. No foreign dependency in operation

Once deployed, SamhitaOffice™ requires no foreign server, foreign licence server, foreign cloud service or foreign update channel. It is suitable for air-gapped and security-sensitive government environments.

4. Supply and support

Supply is effected by Swadesh Enterprises through the Government e-Marketplace (GeM) and direct institutional channels, with physical installation media available for restricted environments. Support is provided from India by Indian personnel.

5. Verification

This declaration is a self-declaration issued in good faith for procurement file noting. Procuring entities may seek supporting records, including the GeM Vendor Assessment (VA-740230947412816, valid to 11 June 2029), directly from procurement@samhitaoffice.in.
